### FOR OFFICIAL USE ONLY

APPROVED BY:

DATE:

REMARKS:

MEMBERSHIP NO.:

DATE NOTIFIED:

Upon acceptance of your application, you automatically become a PROBATIONARY MEMBER for a period of three months. During this period, you will be assessed by ordinary members of the club, any of whom may file a confidential report to the Executive Committee who is responsible for confirming your membership at the end of satisfactory completion of the probationary period.

The committee reserves the right to terminate your membership during the probationary period. No reasons need be given and no correspondence will be entered into for termination.

**FEES**  
Entrance **\$S100.00** refundable if membership is terminated during probation.

### Annual Subscription

Ordinary member:  
**\$S290.00**

Student/Junior member:  
**\$S145.00**

Family Member:  
**\$S340.00**

Annual subscription is due, without notice, on the 1st January of each year and must be paid no later than the 1st March. Otherwise your membership will become automatically void and a fresh application will have to be made. This is because the subscription lapses at the end of each year regardless of joining date.

The use of club site is subject to confirmation from the authorities concerned and members should not use these sites until and unless permission is obtained prior to EACH DAY's activities. Your co-operation will be much appreciated.

# Welcome to the Club

**The Club** was formed in 1954 by a group of local aero modellers in order to enhance the enjoyment of this hobby sport both technologically and socially. Flying was done at Old Kallang Airport. The club was officially registered with the Registrar of Societies on 31st July 1962 bearing the above name. Since its formation, the club has enjoyed good success and we invite you to come and join us and meet fellow modellers.

Membership is open to all persons interested in pursuing the hobby of radio controlled models. It is mandatory that you should be in possession of a valid Transmitting Licence obtainable from the Infocomm Media Development Authority (IMDA). It is your own responsibility to keep it valid. Please note that the club is not accountable for you should you be liable for not retaining a valid licence.

Upon acceptance of your application, you automatically become a PROBATIONARY MEMBER for a period of three months. During this period, you will be assessed by ordinary members of the club, any of whom may file a confidential report to the Executive Committee who is responsible for confirming your membership at the end of satisfactory completion of the probationary period.

However, the committee reserves the right to terminate your membership during the probationary period. No reasons need be given and no correspondence will be entered into for termination.

## BASIC RULES AND REGULATIONS

1. Models to be flown must be airworthy. If in doubt, seek assistance from the club executive committee members or flight instructors. Models will be checked by the committee from time to time.
2. Pilots who have not passed their basic proficiency test are not allowed to fly without supervision by a club flight instructor.
3. Model engines must only be started in the pit area (outside the tent), ensure the exhaust is not directed at another fellow! Helicopters must be started outside the tent on the helicopter patch.
4. Landings have priority over take offs. All take offs should be on the runways.
5. Flying over the tents, pit area or car park is forbidden.
6. Young children and dogs must be restrained to avoid the possibility of falling or walking into models or spinning propellers.
7. Do help to keep our club litter-free. Make use of trash bags provided to collect and take away your broken planes. Do not leave these on the site. The club does not provide a trash bin.
8. Smoking under the shelters is not allowed. Please use the designated smoking area.
9. Be sure that your model has CAAS's Approved Label on it prior to take off.
10. Appropriate licenses for flying model above 1.5kg is required by the authorities. Only pilots with Unmanned Aircraft Basic Training (UABT) are allowed to fly up to 7kg and Unmanned Aircraft Pilot License (UAPL) are allowed to fly up to 25kg.
11. Be sure to read the detailed rules as published on RMS Official Website "[www.rms.org.sg](http://www.rms.org.sg)"
